

MY COUNTRY

WHO CAN DO IT

This project can be done by anyone under the age of 15. It can be done either from home or in school.

WHAT YOU'LL NEED

Paper, pens, paints, crayons or pencils. You may need a scanner or camera so you can upload it to your school's website.

HOW TO DO IT

You can do this project in any format you like. It could be a drawing or a painting. Make a list of the things you think about when someone mentions your country. It might be the scenery, or buildings or some food which is eaten there. It really can be anything as long as it reminds you of your country.

Then decide how you are going to show, in a picture, some or all of the things on your list. Are you going to draw them, paint them, or have you got access to a computer drawing package? The decision is yours.

Next you can begin to produce your picture.
