PRODUCTS TO PROMOTE

1. GREENWAYS HOLIDAY VILLAGE

- New concept in eco-friendly holidays
- 250 family holiday chalets built on a beautiful parkland area with inter-connecting canals
- All power to each chalet is provided by a combination of wind turbines and hydro power
- No private motor vehicles within the park. When you arrive, you leave your vehicle in the adjoining car park and electronically call one of over 500 automatic unmanned electric canal taxis floating around the village. When the taxi arrives just key in your chalet number and the taxi will take you to your chalet, stopping right outside
- Any time you wish to move around the park and not walk, just call up a canal taxi and key in your chosen destination
- 10 different restaurants or takeaways are on the site
- Also two large supermarkets if you wish to self-cater
- Each chalet has 3 bedrooms (one double bedroom, one with two twin singles and one with bunk beds)
- Each chalet has a dining area, a seating area indoors and an outside patio and BBQ
- Within the park there are three pubs for adults, a water park for all ages, an indoor climbing area and a play area for toddlers permanently staffed by trained helpers.
- There is also an indoor and outdoor cinema, a theatre and a nightclub
- Staff are available to babysit young children in the evenings.
- Cost £600 per week for a family of four
