

OWL BUT'S WORLD OF LEARNING

at the heart of knowledge

Hi, here are some instructions for a project we'd like to try.

TAKE ME BACK TO ANOTHER TIME

With this project we want you to use your imagination, plus check out some facts, and think what your life would have been like if you had lived in a different time period in England. Your teacher will either tell you which period to write about or they may ask you to check out the periods in our Times Past section and choose one.

Whichever way is selected, you can use some of the info on our timeline, hoots and story pages for the period to think about what life may have been like and do some more research yourself.

We would like your completed project to cover the following sections.

FACTS

Why did you choose this period?

What do you think you would have liked about this period?

What do you think you would have disliked about this period?

What one invention from the present would you have wanted to take back to this period? How do you think it might have changed lives?

Using the five topics that Owlbut covers in his hoots section, Homes, Clothes. Food. Daily Life and Culture, give us a brief description of your life.

All of the above should be written up in a report of between 1,000 and 1,500 words.

Forward to the past.
