

OWL BUT'S WORLD OF LEARNING

at the heart of knowledge

Hi, here are some instructions for a project we'd like to try.

IF I'D BEEN BORN SOMEWHERE ELSE

With this project we want you to use your imagination, check out some facts, and think what your life would be like if you had been born somewhere else; in another continent. Your teacher will tell you how to choose the place.

There will some info that you can get from the pages in “The World” section of our site but you will almost certainly have to do some more research yourself. Among other facts, our page will give you the weather, the number of people with mobile phones and those who have the internet and with that information you can think how your life would be different.

We would like your finished project to cover the following sections (but you can add more).

FACTS

The name of the city, town or village you have chosen.

The type of home you might be living in.

The weather in and around the area where you now live.

The sort of food you might be eating.

How close to your school do you live and how do you get there each day?

Where are the nearest shops?

How do you spend your leisure time?

AN AVERAGE DAY

Once you have done your research, used our site, linked with a school or whatever, we want you to write a blog of a day in your imaginary life in this country. Include all the bits we've asked for plus anything else you have found out. At the end of the blog, write a concluding paragraph saying if you think you would like this lifestyle and if so, why, and if not, also why. Your blog should be between 1,000 and 1,500 words. If you like you can include any pictures of life in your chosen place.
