

# OWL BUT'S WORLD OF LEARNING

at the heart of knowledge

Hi, here are some instructions for a project we'd like to try.

## WORDS HAVE MEANING

Think of a poem or the lyrics of a song which mean something to you.

In less than 500 words, try to explain why you chose this piece, what it means to you and whether you think the writer had the same thoughts as you. It is not unusual for people to interpret a poem or a song in different ways. Sometimes you can hear a song you liked years ago and now notice something in the words you never saw before.
