

Hi there. This is a project I'd like you to have ago at please.

MY FAMILY

I want to know something about your close family. I want you to draw up a family tree just like the one Richard has done, which your teacher will show and then discuss with you. He did his in 2016.

I don't want to know second names or surnames, just the first name and their age when you do the project. If the person has died, please put the letter “d” after the age and put in the age they were when they died, just as Richard has done.

I don't want to know who your parents' sisters and brothers, who are obviously your aunts and uncles, are married to but I would like to know about any children they have, who are your cousins.

If you have more or less brothers and sisters or aunts and uncles or cousins just add or take away a few "prongs".

Remember that people will want to read your finished “tree” so if you are writing it, make it neat,

I might do my family tree one day. Owlbut

Signed with my clawprint
